EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the election filed on December 28, 2004, no arguments were presented traversing the restriction requirement. Hence, Applicant's election of the species recited in claims 1-28 has been deemed an election *without traverse*. This application is in condition for allowance except for the presence of claims 29-40 to two additional species of the invention non-elected without traverse. Accordingly, claims 29-40 have been cancelled.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the references of record teach or disclose a method of making a microelectronic package in which a second substrate is attached to a first substrate, a dielectric sheet is juxtaposed with the second substrate, conductive leads attached to the dielectric sheet are interconnected to conductive pads on the second substrate, and the dielectric sheet is moved away from the second substrate to vertically extend the leads between the dielectric sheet and the second substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to M. Wilczewski whose telephone number is (571) 272-1849. The examiner can normally be reached on Monday and Thursday.
